PORTFOLIO SIMULATOR

Description

Portfolio Simulator is a “virtual portfolio” that recommends stocks purely based on technical analysis. Most of the Bursa-listed companies recommended in the portfolio are selected based on the author’s trading strategy, which leans towards a growth investing approach. Stock picks must be those under the coverage of the Equity Research team and these include one-time coverage stocks and stocks on radar. Stock prices shall be adjusted accordingly in the event of corporate exercises. Any changes in the portfolio will be stated in the “Remarks” section.

Investors should be mindful of the risks involved. This virtual portfolio should not be interpreted as AmInvestment Bank having taken a position. Note that this virtual portfolio starts at RM1mil as our initial capital. The portfolio is for **educational purposes** only.
